

The **Perfect** Presentation Template

Hi, I'm Brett McFall, the 90-Minute Marketer.

For the last decade I've consistently made very high sales from simple 90-minute presentations. **How much?** Over \$20,000,000. My system has been tested and proven in 17 different countries and in 5 languages.

My simple 3-step system has been used to sell all sorts of products and services. I've even let a handful of students use it too. **Their results?** Over \$15,000,000 in sales. With conversions of up to 21%. Sometimes more.

Which, in case you don't know – **is unheard of.** Most presentations that have an offer at the end, pull a 10% conversion if they're lucky.

I teach my system via my **Boomerang Blueprint** home-study program, and also in person via my **Next Level** speaking program.

Now my 3-step template is in your hands. Perfect for you if you are a coach, an author, an information marketer, or you sell high-ticket items.

Remember to **join me on the FREE training** that I'm gifting you as well. This way, I can help you understand and implement my system for your own profit.
